

Forging Stronger Links: Building a Network of Opportunities Between Industry and Universiti Putra Malaysia (UPM) through CiRNeT UPM

About Us

Centre for Industrial Relation and Networks (CiRNeT)

Established 16 Mac 2012- to improve connections and networking activities with the industry at the UPM level

CiRNeT is a **combination of the Division of Industry (BJI) and the Industrial Relations Unit (UPI)**, previously operated under the Office of the Deputy Vice-Chancellor (Industry and Community Relations).

Through its three main initiatives, CiRNeT's readiness **contributes to the linkage and offers a proactive platform for strategic collaboration with industry partners** in line with UPM and JINM initiatives

CiRNeT UPM's Core Business

A one-stop center for networking and relationships between industry & universities

Develop and implement networks and relationships with the government, academic institutions, & industry

Provide assistance in selecting projects that are appropriate and meet the industry network's KPIs.

Providing assistance in the **provision of advisory services to match the documentation** of the industry-university strategic network(MoU/MoA/LoI/MoC/NDA)

Matching university resources, and expertise with industrial needs

Encourage university and industry cooperation on a range of CSR initiatives.

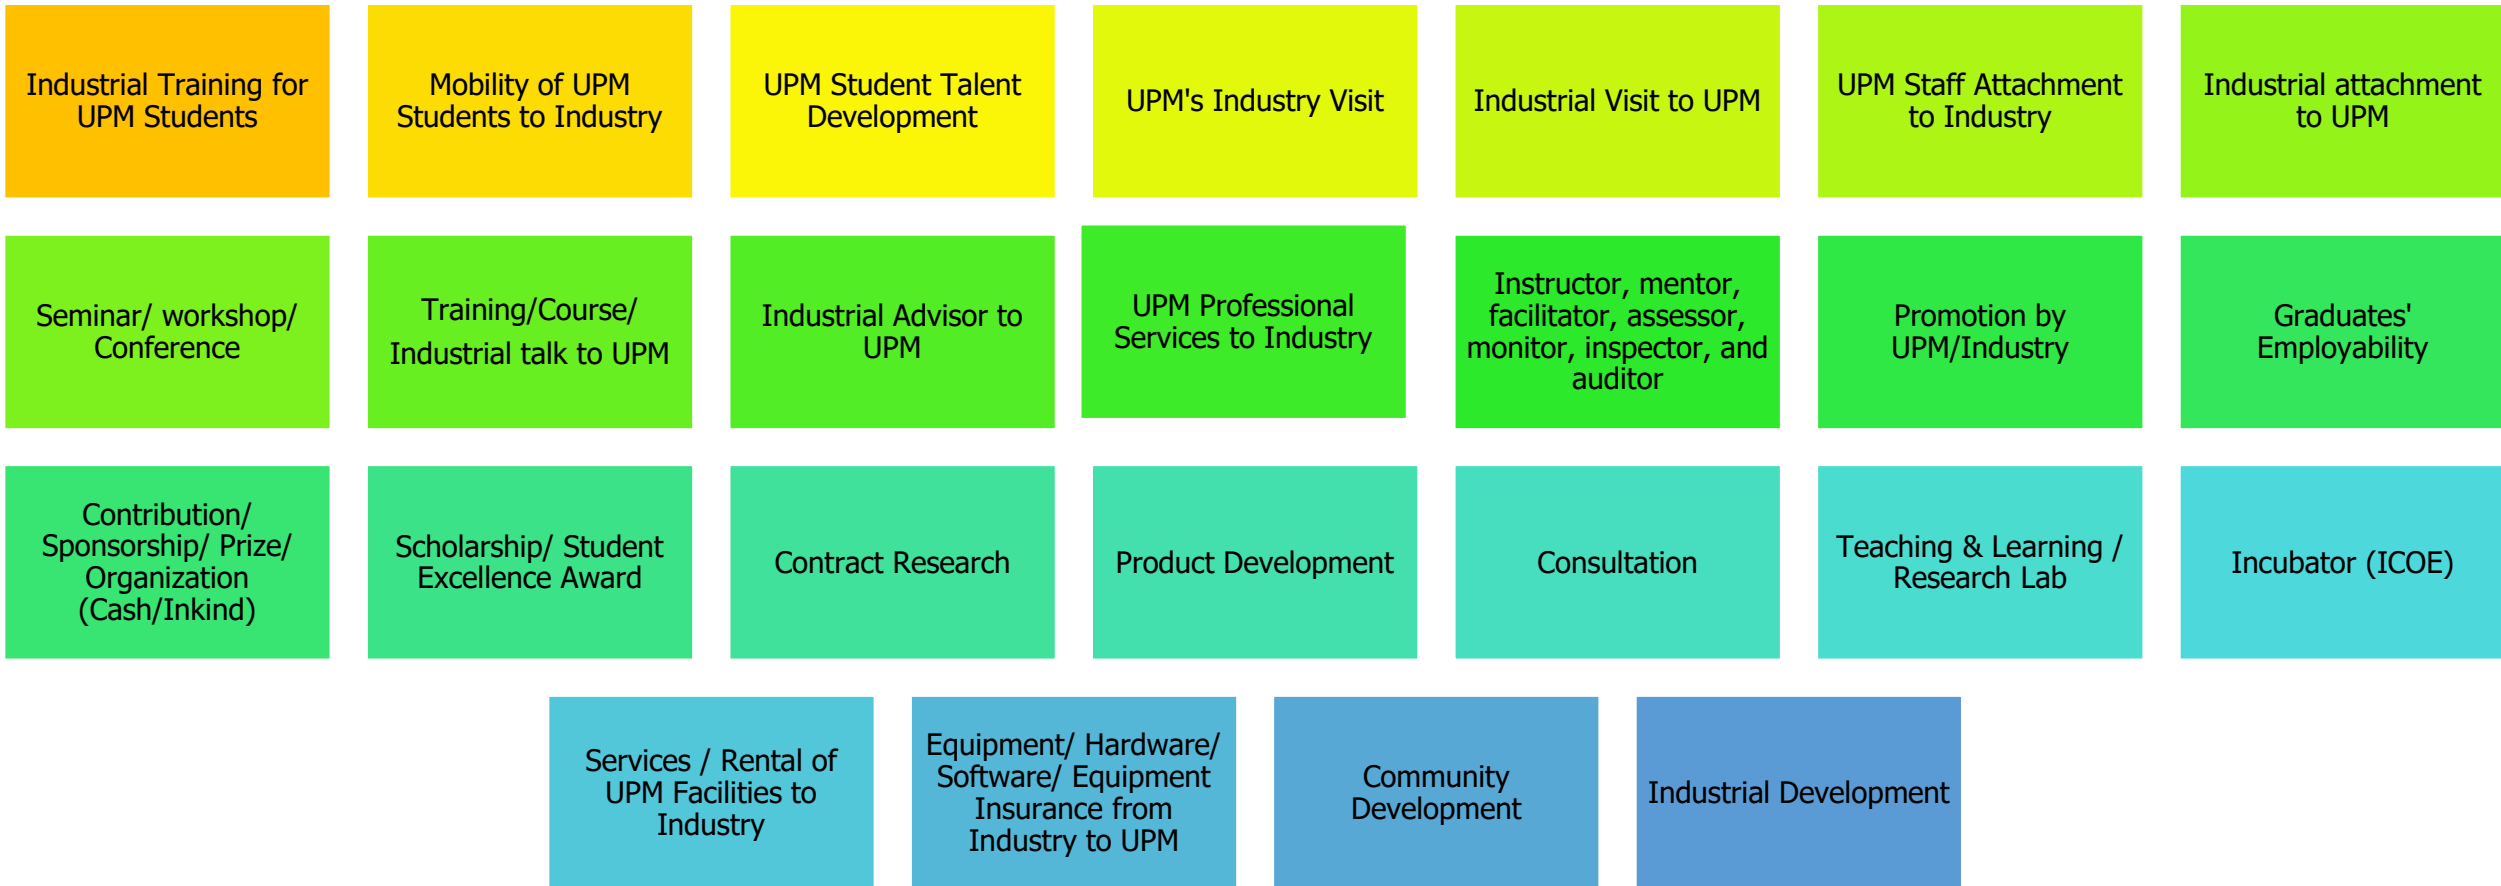

Manage trust funds for industrial projects, industrial training, philanthropists, and industrial research grants

Engage in cooperative training, employment opportunities, and industrial relations activities to enhance the professionalism of UPM staff and students as a whole and meet market demand.

Contribute to strengthening connections and strategic networks with domestic and international industries

Bring in industry experts to help the development and transformation of the university
